Day 2

8:30 – Arrive at Connors Clinic

8:45 – 12:00 – Rife Scanning

11:30 – Rife Training - **support people encouraged to attend if they will be helping with Rife usage**

12:00 – 1:00 - Support people, spouses, family members return to pick patient up for lunch (if patient is without transportation)

1:00 – Patient returns and **support people STAY for ALL events this afternoon**

1:00 – 4:30/5:30 – Therapies, & Binder Review

NOTE: As stated above, we strongly request that patients bring a support person to “be a second set of ears” during the afternoon of Day 2. However, during your examination and scanning (all of Day 1 and morning of Day 2), we require that all support person(s) leave the clinic. This is a firm policy as it protects the privacy of others, as we are a small clinic. Thanks for understanding.
